## Central Office Issues:

### GENERAL:

No significant problems with the office at this time.

### Membership Decline

Year end membership

I will be providing a report to each director in June with the lapsed members for his/her region over the last two quarters. I hope it is a trend that I've been seeing more lapsed members returning this year. Some of these have not been members in several years.

The Current membership total is 1,131 as of 5/10/13

**NPGA Coordinators:**

As of the writing of this report, I have received the ROA coordinator report and the Show coordinator reports and approve both.

**Roster:**

As was discussed at the January meeting, a new roster was not going to be sent out to the general membership this year. The plan was to just create a roster for new members. As of right now I still have well over 100 rosters on CD from 2012. I have been mailing these out with the new member packets as there have not been any significant changes to R& R & Bylaws. I intend to continue using up the old rosters. I may need to have new ones made up later this year, but will have small number done so that we can get back on track for a spring update in 2014.

**On Line Registration:**

A report is being submitted to the Board from the task force on implementing online registration. I have communicated my concerns and suggestions to the task force. I am working on obtaining some data to share with the board on the number of members who are actually registering goats, and the number of goats each register. I hope this will help the board with decisions to be made on implementing any new registration processes.
