

AGENDA ITEM A

Proposal: I move Rules and Regulations Section 8 Paragraph G be amended as follows:

From:

G. The Breed Standard Committee shall receive recommendations from the general membership and/or the Board for consideration for addition, deletion, or change to the Breed Standard. The committee shall then make recommendations for Board approval. Changes to the Breed Standard shall require a 2/3 vote of approval by the Board.

To:

G. The Breed Standard Committee shall receive recommendations from the general membership and/or the Board for consideration for addition, deletion, or change to the Breed Standard. The committee shall then make recommendations to the board for review/discussion which will then be sent to the general membership to adopt or oppose. Changes to the Breed Standard shall require a 2/3 vote of approval by the general membership.

Advantages:

This amendment will provide the NPGA and its members a Breed Standard that is not subject to change at the whim of the Board of Directors or any political faction or group of breeders within NPGA. The Breed Standard, for the most part, should be a document that is steadfast and resolute with changes made only in the most dire circumstances.

Disadvantages: This change will make changes to the Breed Standard more difficult.

Financial Implications: None
