

AGENDA ITEM SUBMISSION FORM

Proposal

I move to add the following to Rules and Regulations 8.L.

(new) 4. *The chairperson may not serve as a Director while holding this position.*

Renumber current 4 to #5.

Reasons

To separate the actions of the committee from that of the board. In the event that the board would need to review a decision to publish/not publish an article, having a separation of committee chair from the board to reduce bias.

Advantages

More representation and participation from members of the organization.

Disadvantages

Currently a director is serving as chair.

Financial Implications

none
