

January Meeting committee investigated prices in Orlando, New Orleans, and Vegas.

Airfare averages ranked from cheapest to most expensive:

1. Vegas (Average \$346)
2. Orlando (average \$372)
3. New Orleans (average \$448)

We found it was not a good weekend in New Orleans because of conflicting activities that made flight and hotels more expensive.

Vegas and Orlando are similar in price and accommodations. I will present those at the June meeting.

Thanks,
Debbie Chew
