

## MEMO Editor Report June 2019

The last 2 MEMOS (Spring 2019 and Summer 2019) were 88 and 64 pages each, with approximately 12 pages of standing content. The Spring 2019 issue was 88 pages contained 12 articles, the January 2019 board meeting minutes, PGCH Does and Bucks, Plus Does and Platinum Wethers, and 18 show results. The Summer issue was 64 pages, contained 10 articles, and 12 show results.

The Convention issue special color edition will be next.

Show results are being submitted reasonably well and reasonably on time. I want to remind show chairs that I will prepare show results for a fee. At least 2 clubs are now making use of this service.

I would still like to get the back cover advertising space sold. It is \$125.00 issue/\$450.00 year. The First and Last Page ad space is also available at \$90.00 issue/\$325.00 yr. Remember the first and last page spaces could be shared.

Dr. Jay and the HER committee have approved a number of articles and always respond quickly. I have scanned quite a few of the Goatworld articles and the HER and Pubs. committee will be working through them.

I would like to encourage the Youth and PR committees especially, and really all committees to submit an article for every issue. I still want to have access to the scholarship essays and bios that are submitted by all of the youth for possible inclusion in MEMO. I would like to see the Youth Scholarship applications being submitted in digital form to make it easier for the NPGA to use the materials submitted. At this time the scholarship application is only accepted as a hard copy. Really, we are missing out by not using the youth scholarship submissions.

Show Results on the website have been updated through Summer 2019.

I am not planning to attend this year's convention.

Respectfully submitted,

Maggie Leman
